COMPONENTE CURRICULAR: **LÍNGUA INGLESA** PERÍODO: 19/05/2020 A 23/05/2020 Quantidade de aulas: 2

Objeto de conhecimento: Construção de repertório lexical
Habilidade: MS.EF08LI12.s.12

Leia o texto a seguir, de maneira atenta, relacionando-o ao seu dia a dia e, em seguida, responda às questões propostas.

VOLUNTEERING: HELPING THE ENVIRONMENT

Do you love your mother... Mother Earth, that is ?

Our towns, cities, parks, and green spaces need help just like people and animals do. Without the efforts of volunteers who care about the communities we live in, pollution and other problems could soon be out of control. Everyone wants to live in a clean, safe, and beautiful area and volunteers help make sure we do.

Here's how you can lend a hand:

Recycling

Recycling means taking materials like glass, paper, metal and plastic, and helping to turn them into new products [...]

Planting trees

Planting trees and other greenery is more important than you might think! [...]

Cleanup projects

Picking up litter makes a better, more beautiful environment for everyone, and gives people a reason to be pround of their community.

ATIVIDADE

1-Qual é o assunto tratado no texto?

_____
_____
_____

2-Este texto destina-se a qual público?

_____
_____
_____
