Jim and Darryl work together

Jim and Darryl work together. They're coworkers. They both work as salespeople for a furniture company in Chicago. Their day begins at 9:30 in the morning and it ends at six or seven in the evening. They like the company that they work for, but business isn't very good these days because of the economy.

Jim is married and has two kids. He's worried that he's not making enough money right now to support his family. He's trying to save money for the future in case he loses his job

Darryl is single. He worries a little about his job, but he doesn't have the same kind of responsibilities that Jim has. On the weekends, Darryl likes to play golf and go out with his friends.
